CCTV cameras every 2-km on Ring Road

MP Pratap Simha to switch on lights on one side of Ring Road at 7 tonight; both side lighting by Dec. 10

20 high-mast lights, 4,818 LED bulbs, hi-tech control units to secure 42.5-km ORR stretch

Mysuru, Dec. 1 (RK&BCT)- There will be no place for criminals to hide on the Outer Ring Road (ORR) or to get away easily soon. Encouraged by the assistance provided by CCTV cameras in solving crimes, the City Police have been requesting the Mysuru City Corporation (MCC) to bring every nook and corner of the 42.5-km six-lane stretch under surveillance.

Realising the importance of the issue, a meeting of officials under the leadership of MP Pratap Simha this morning resolved to install high-definition CCTV cameras every one-and-a-half to two kilometres along the ORR for crime prevention.

Camera installation will serve multiple purposes like putting an end to dumping of garbage and construction waste debris, prevention of theft and more importantly to reassure commuters and residents that it is safe to travel on Ring Road even at midnight or wee hours. Though security cameras haven't prevented violent crimes like murders, Police maintained that they were effective in bringing down vehicle thefts and robberies.

MP Pratap Simha, who held a meeting at MCC office in city this morning, seen discussing with MCC Commissioner G. Lakshmikantha Reddy, a staff and Superintending Engineer Mahesh.

"The 10-lane Mysuru Bengaluru Highway has CCTV cameras at regular intervals between the two cities and we will adopt the same model on Ring Road too," the MP said, asking officers to prepare a proposal and send the same for Government approval.

The meeting also discussed installation of 20 high-mast lights with powerful surrounding lights that will provide additional brightness on the Ring Road.

MCC Commissioner G. Lakshmikantha Reddy, MCC Superintending Engineer Mahesh and CESC Assistant Executive Engineer Nagesh told the MP that one side (right side) of the Ring Road light from Manipal Hospital Junction, Hanchya, Sathagalli, Devegowda Circle, T. Narasipur Junction, APMC up to Nanjangud Road Junction will be switched on at 7 tonight.

Underground cables have been laid on the left side of the Ring Road from Manipal Hospital Junction, KRS Road, Hinkal Junction, Bogadi Junction, Dattagalli, H.D. Kote Road Junction and Nanjangud Junction. The officers told the MP that of the 4,818 LED bulbs along the 42.5-km (both sides 85 km), 3,550 have been fixed and the control units have to come from Pune to be connected for unified control.

The lights will burn 100 percent on both sides with Centralised Control and Monitoring System (CCMS) with smart meters from Dec. 10. The second phase of the works will be to install 20 high-mast lights and the replacement of 87 poles that have been damaged. All these will require time and the MP was told that the project will be completed by Dec. 31.

The CCMS system enables integration of all LED lamps and they can be operated remotely through wireless communication. "All the works are being undertaken with Rs. 12 crore granted by Mysuru Urban Development Authority (MUDA) as per the agreement between MUDA and MCC. After the completion of the project, the contractor will have to maintain the lights for one year including bulb replacement in case of damage while the MCC will pay the electricity bills," Reddy added.

Police Chief's night rounds keep city Cops on their toes

Rs. 3.22 lakh fine collected on single day; 688 cases booked; 47 vehicles seized

Mysuru, Dec. 1 (GA&KS)- To instil discipline among staff and to monitor their day-to-day duties, City Police Commissioner B. Ramesh is personally getting onto the streets and supervising the special operations being conducted by his officers and staff on the city roads.

The Traffic, Civil and City Armed Reserve (CAR) Police are jointly conducting special vehicle checking drives (from 6 pm to 9 pm) to strictly implement traffic rules and to put brakes on crimes.

The drive was held yesterday in more than 25 places across the city including Sayyaji Rao Road, Hunsur Road, Bannur Road, Mahadevapura Road, Bengaluru-Mysuru Road (near ESI Hospital, behind LIC Office) and near Teresian College Circle.

Police said that the drives will continue and have urged the motorists to carry their vehicle documents including vehicle insurance copy and their Driving Licence (DL) while driving or riding vehicles. They have requested the public to cooperate.

Veterans excel in sports

A.C. Subbaiah

A.A. Pemmaiah

Mysuru, Dec.1- The following veteran sportspersons have excelled in the 42nd Karnataka State Masters Athletics Championship organised by Mysore District Masters Athletics Association and Mysore Athletics Club at Oval Grounds in city recently and have been selected for the National-level Sports Meet to be held at Kolkata in February:

A.C. Subbaiah (above 60 years) - First prize in discus throw, second prize in shot-put and third prize in hammer throw.

A.A. Pemmaiah (above 55 years)- First prize in javelin throw, second prize in discus throw and third in shot-put.

Bronze Winner in Best Physique

R. Darshan

Mysuru, Dec.1 - R. Darshan, a student of NIE First Grade College, has bagged Bronze Medal in under 60 kg category in Best Physique Contest conducted by the Department of Physical Education (DPE), University of Mysore Inter-Collegiate Competitions for Men at Sports Pavilion Indoor Stadium recently.

EDITOR'S BOTTOMLINE

When we hit a stumbling block in life, we desperately want to seek advice from someone. If only God could talk, we think, not realising that He is speaking to us all the time. Through signs, through people, through a page in a book, or through random happenings.

I was rummaging through a chest of drawers the other day and discovered a handwritten letter that I had forgotten was there. This was very important to strengthen my hands in a matter that was exercising my mind, and the timing was uncanny. Now of all the days why I rummaged through that drawer on that particular day is one thing and that I should find something I was not even looking for and which was going to prove helpful is surely a matter of Divine grace.

There have been times when I wished for a sign of some kind to show that my prayers were being heard. And then a page in a book leaps out at me — perhaps from a book of stories about Shirdi Sai Baba or the Mahabharata — that is so reflective of the situation that I was caught up in, providing me with the guidance I needed.

Often, we find ourselves on the horns of a dilemma. To choose this job or that? To go to this medical professional or another? And then, through some grand design, you eliminate one of the choices thanks to a friend or acquaintance who calls up out of the blue or bumps into you quite by chance and over a quick catch-up shares insights about one option, thus making the final choice easier.

Which is why we are often told to remain eternally watchful — about who or what is materialising before us and what it tells us regarding our current dilemma.

— Sudha Umashanker in Deccan Herald

Massage leaves woman with ruptured kidney

Beijing: A Chinese woman required emergency surgery to have half of her kidney removed after a rough weight loss massage session.

The 41-year-old woman reportedly wanted to lose some weight with help of massage, so she went to a salon in Hangzhou, China's Zhejiang province. Midway through the massage, the woman could barely stand the pain in her abdomen, but when she told the masseuse about it, she said that it was just the fat leaving her body but the pain in her abdomen only got worse after she got home.

Her family took her to a local hospital in a semi-comatose state. After hearing that she had been complaining of abdominal pain, doctors performed an abdominal CT scan which revealed a ruptured angiomyolipoma in her left kidney.

Man faces jail for building fake Ferrari

Asti: A 26-year-old man was recently charged with forgery and breach of trademarks after it was discovered that his red Ferrari F430 was actually a modified Toyota MR Coupé.

Italy's Guardia di Finanza made the unusual seizure during a routine check in the town of Asti, Italy. Although the red Ferrari featured all the iconic elements of the F430, something about the vehicle seemed wrong.

It's unclear whether the motorist had the necessary documents to prove that his car was a genuine Ferrari F430 or not, but the Police officers called a team of experts just to be sure. They confirmed that the car was actually a modified Toyota MR Coupé.

The car was seized and the owner reported to the Public Prosecutor's Office of Asti for using registered trademarks without authorisation.

VOICE OF THE READER

Extend Hebbal Lake entry timing for morning walkers

Sir,

I had been an avid walker at the Hebbal Lake in the mornings. I have to say that compared to all the other Lakes in Mysuru, this place feels the safest to walk in with the presence of security guards and also well-maintained pathways.

Due to some unavoidable circumstances, I am unable to go for walk early in the morning these days. Unfortunately, the place shuts down by 9 am.

Even if the authorities concerned increase the timings by half-an-hour and close the entry by 9.30 am, it would benefit people like me.

Many women in similar situations can finish up our daily chores and find time a bit later on for our walks. I feel 9 am is a little too soon to shut the gates.

It is just a suggestion and I, and maybe others like me would be very joyful indeed to get an extra 30 minutes so we can manage the time efficiently.

—S. Smitha

Mayor led MCC team in Varanasi

Mysuru, Dec. 1 (RK&DM)- A 35-member team from Mysuru City Corporation (MCC) led by Mayor Shivakumar and comprising Deputy Mayor Dr. G. Roopa, Corporators and 4 MCC officers including Health Officer Dr. D.G. Nagaraj, Roopashri and Nandeesh, left Bengaluru for Varanasi in Uttar Pradesh on a study tour yesterday.

The team left Bengaluru last evening and reached Varanasi in the night. This morning, the MCC team held a meeting with Varanasi Corporation officials on a variety of civic issues including waste collection and disposal, health and hygiene, prevention of pollution etc.

During the meeting, the MCC team received inputs on implementation of Swachh Bharat Mission, heritage conservation, revenue generation, construction debris handling, legacy waste plants operation, development works, drinking water supplies, use of technologies etc., from officials of Varanasi City Corporation. Varanasi is also a declared heritage city.

The team is expected to leave for Mumbai tomorrow, where it will meet officials of BMC (Bruhanmumbai Municipal Corporation). They will return to the city from Mumbai on Sunday evening after the four-day study tour.

JK Tyre (Vikrant) celebrates Silver Jubilee tomorrow

Governor Thaawarchand Gehlot visiting Mysuru

Gehlot

Mysuru, Dec. 1- Vikrant Tyres Ltd. (Vikrant), erstwhile undertaking owned by Government of Karnataka, has been engaged in manufacturing of automotive tyres and tubes with manufacturing facilities located at Mysuru, Karnataka. Vikrant was acquired by JK Tyre & Industries Ltd. in 1997 from KSIIDC.

Ever since its acquisition, Vikrant Plants were modernised and expanded including setting up of state-of-the-art, Truck Radial tyre manufacturing facility first time in India at one of the locations.

Further, a new Plant for manufacturing of Off The Road (OTR) tyres was setup thereby expanding the range of products at Vikrant, Mysuru.

In the year 2022, JK Tyre has made the 25 Millionth truck Radial Tyre in India, first by any tyre company. Now, Vikrant has completed 25 years of successful operations since JK Tyre & Industries Ltd. acquired the unit. Hence, a Silver Jubilee celebration is organised at Vikrant Tyre Plant on KRS Road in Metagalli tomorrow (Dec.2) at 4 pm.

Governor Thaawarchand Gehlot will be the chief guest. Labour Minister Shivaram Hebbar will be the guest of honour. JK Tyre Chairman and Managing Director Dr. Raghupathi Singhania will be present.

A cultural programme will follow from 5.15 pm onwards.

Suttur Jathra: Entries invited for State-level Bhajan contest

Mysuru, Dec. 1 (SSM)- The six-day Annual Jathra Mahotsava of Adi Jagadguru Sri Shivarathreeshwara Shivayogi Mahaswamiji this year will be held from Jan. 18 to 23 at Suttur Srikshetra in Nanjangud taluk.

As part of Jathra Mahotsava, 29th State-level Bhajan contest will be held in the following categories:

Men's team, Children's team, City Women's team, Rural Women's team, Ekatari Men's team and Ekatari Women's team along with men's and women's team participating from neighbouring States.

Winning teams will get cash award along with memento and certificate. All participating teams will get participation certificate and travel allowance.

Free accommodation and prasada will be arranged for the participants.

Interested teams may contact Ph: 0821-2548212 or Vishwanath on Mob: 94488-00977 or Shivakumaraswamy on Mob: 98444-71330 or Dr. D.M. Mahendra Murthy on Mob: 99802-24546, according to a press release.

By 2025, India will have third largest air traffic in the world

Mysuru, Dec. 1- India's defence budget is 5th largest defence budget in the world, said P.G. Yogindra, former Executive Director, Hindustan Aeronautics Limited (HAL).

Delivering the inaugural address during the two-day 7th international conference on 'Economic Growth and Sustainable Development: Emerging Trends organised by Shri Dharmasthala Manjunatheswara Institute for Management Development (SDM-IMD) at its auditorium here recently, he said "India is having strongest military forces in the world and holds a place of strategic importance. It is also the largest importer of arms and defence platforms; it is likely to accelerate with rising concerns of national security. By 2025, India will have third largest air traffic (including domestic and international) which is growing at a rate of 14 percent per year over the last 6 years."

Speaking about 'Make in India,' Yogindra said, "The target of Make in India scheme is to increase growth in manufacturing sector to 12 to 14 per annum over the medium term, to raise contribution of the manufacturing sector to 25 percent of GDP which is currently 16 percent, to create 100 million additional jobs by 2022 in manufacturing sector, to increase domestic value addition and technological depth in manufacturing sector, to start with targets of 25 sectors of the economy, ranging from automobile to information technology and business process management."

FROM LEFT: ***N.R. Parasuraman, Director, SDM-IMD, P.G. Yogindra, former Executive Director, Hindustan Aeronautics Limited and B. Venkatraja, Conference Chairperson, seen releasing the Proceedings of two-day International Conference.***

Regarding Government initiatives through Atmanirbhar Bharat, he said the scheme is to make the country and its citizen independent and self-reliant in all senses; self-reliance prepares country for tough competition in the global supply chain to win competition, focused not only on self-reliance in production but also on establishing the strategic alliances for production. Defence Ministry has identified 101 items under import embargo and planned for further more items to boost indigenous manufacture of military hardware including aerospace products."

"MSME is the backbone of the Indian economy, a considerable contribution to GDP, exports and employment generations which contributes about 30 percent to GDP. It is targeted to increase GDP contribution upto 50 percent by 2025 as India moves ahead to become a 5 trillion economy. There is also a significant opportunity for MSMEs in the aerospace sector through collaboration or partnership," added Yogindra.

Abhishek Kumar Jain, General Manager, Investor Relations and Treasury at Wipro Limited, delivered the keynote address while N.R. Parasuraman, Director, SDM-IMD, delivered the introductory address. Venkatraja, Conference Chairperson, was also present. During the two-day conference, more than 100 papers were presented. Proceedings of the Conference was also released on the occasion.

'We can end AIDS if we end inequalities'

By Dr. S.N. Mothi
Chairman and Founder Trustee, Asha Kirana Charitable Trust Hospital & Research Centre, Mysuru

Today (December 1) is World AIDS Day and it is a globally commemorated healthcare event observed every year since 1988. On this day, various awareness campaigns and activities that promote the disease awareness are conducted by several organisations across the world, unite to show solidarity for people living with HIV (Human Immunodeficiency Virus), reminisced those who have died from an AIDS-related disease and rally against the spread of virus.

The need for AIDS awareness day is essential as HIV infection is currently treatable with near normal life expectancy, provided they promptly adhere to the treatment regimen.

As of 2021, 38.4 million people live with HIV and 1.7 million of these are children. Only 52 percent of children living with HIV are on life-saving treatment. Globally, 70 percent of new HIV infections are among people who are marginalised and often criminalised. Inequalities still persist for most of the basic services like testing and treatment.

Four decades into the HIV response, inequalities still persist for the most basic services like testing, treatment and condoms, and even more so for new technologies. Data from UNAIDS (Joint United Nations Programme on HIV/AIDS) reveals that during the last two years of COVID-19 and other global crises, progress against the HIV pandemic has faltered, resources have shrunk and millions of lives are at risk as a result.

The "Equalise" slogan is a call to action. It is a prompt for all of us to work for the proven practical actions needed to address inequalities and help end AIDS. These include:

- **Increase availability, quality and suitability of services, for HIV treatment, testing and prevention, so that everyone is well-served.**
- **Reform laws, policies and practices to tackle the stigma and exclusion faced by people living with HIV.**
- **Ensure the sharing of technology to enable equal access to the best HIV science.**
- **Communities will be able to make use of and adapt the "Equalise" message to highlight the particular inequalities they face and to press for the actions needed to address them.**

Only a third of people in key populations including gay men and other men who have sex with men, transgender people, people who use drugs, sex workers and prisoners have regular prevention access.

We have only eight years left before the 2030 goal of ending AIDS as a global health threat. Economic, social, cultural and legal inequalities must be addressed as a matter of urgency. In a pandemic, inequalities exacerbate the dangers for everyone. Indeed, the end of AIDS can only be achieved if we tackle the inequalities which drive it.

When should HIV positive patient start treatment?

Start treatment as soon as possible after diagnosis. HIV medicine is recommended for all people who are diagnosed with HIV, regardless of how long they've had the virus or how healthy they are. Talk to your health care provider about any medical conditions you may have or any other medicines you are taking.

AIDS in India

At the national level, estimated adult HIV prevalence (15-49 years) has declined since the epidemic's peak in 2000 where prevalence was estimated at 0.55% in 2000, through to 0.32% in 2010, and 0.21% in 2021.

It is of utmost concern that in the recent years, HIV infection in adolescent girls is emerging as the new high risk group in this epidemic. The national efforts are in the 'last mile' towards the AIDS 'End-Game'.

As the HIV estimates have shown that the epidemic is not evenly spread between States/ UTs, more granular population and location planning and programming is needed to guide actions.

We can all help to end the HIV stigma through our words and actions in our everyday lives. Lead others with your supportive behaviours. But be mindful of how you talk about HIV and people living with HIV.

"We can end AIDS if we end the inequalities which perpetuate it. This World AIDS Day we need everyone to get involved in sharing the message that we will all benefit when we tackle inequalities," says UNAIDS Executive Director Winnie Byanyima.

"To keep everyone safe, to protect everyone's health, we need to Equalise."

25 years of service since 1997

- Cumulative number of patients treated till date : **10,300 (850 kids)**
- Number of patients registered in Antiviral Therapy (ART) programme : **3,026**
- PPTCT (Prevention of Parent to Child Transmission) project Supported by EGPAF & NACO:
  - Number of districts covered : **13**
  - Number of hospitals reached : **27**
  - Number of children born HIV free : **365**
- Free Antiviral Therapy (ART) was rolled out by National AIDS Control Organisation (NACO) in the year 2007.

ASHAKIRANA
a ray of hope...

Asha Kirana started first ever ART roll out for children in the year 2002 supported by philanthropic contributions.

"A few months later, a mother recovering from stroke walked in with her 6 year old son... started on ART...2 decades on treatment. The child grew up into a mature independent adult, facing all life challenges, lost his mother at the age of 14 years, he is now 26 years, married to a positive girl, and both are now expecting a kid. Life has completed a full cycle."

Distinguished Scientists to conduct Chemistry Experiment Demonstrations at schools on Dec. 2, 3

Mysuru, Dec. 1- Bhramara Trust of Y.T. and Madhuri Thathachari has organised Chemistry Experiment Demonstrations by distinguished scientists Prof. Samita Maitra and Prof. Uday Maitra on Dec. 2 and 3 at four educational institutions to spark interest in science and research among students.

Suttur Seer Sri Shivarathri Deshikendra Swamiji will grace the occasion.

Former Vice-Chancellor Prof. K.S. Rangappa will inaugurate the event tomorrow at 9 am at JSS High School in Suttur. At 3 pm, the demo will be held at JSS High School and JSS PU College in Chamarajanagar.

On Dec. 3 at 8.45 am, the demo will be held at Manasarowar Pushkarini Vidyashrama in Vijayanagar 2nd Stage, Mysuru and the same will be inaugurated by Prof. R. Srinivasan. At 11.15 am, it will be inaugurated at Vijaya Vittala High School and PU College in Kuvempunagar by Dr. V. Prakash.

PROFILE

Prof. Samita Maitra completed her B.Sc and B.Tech from the University of Calcutta. Then she joined Indian Institute of Science (IISc.), Bengaluru, for M.Sc (Engg.) by Research and continued for Ph.D which was awarded in 2000. From May 2001, Samita is teaching in BMS College of Engineering in Bengaluru in the Department of Chemical Engineering.

Prof. Samita Maitra

Prof. Uday Maitra

During her teaching career, she has been the Head of the Department from 2006 to 2016 and the Dean of Academics from 2019 to 2022. Her research interest is Fuel Alternative, Soil Remediation and Interfacial Phenomena. Apart from that, outcome-based education is her major interest and she has published papers on Engineering Education. She is keen on effective implementation of outcome-based education.

Prof. Uday Maitra completed his B.Sc from Presidency College, Calcutta and M.Sc from Indian Institute of Technology (IIT) Kanpur. Then he received his M. Phil and Ph.D from Columbia University in 1986 working with Prof. Ronald Breslow. Following a post-doctoral stay at the University of California at Berkeley with Prof. Paul Bartlett, he returned to India, and after a year at IIT Kanpur, moved to IISc., Bengaluru, in 1989 where he is now a Professor at the Department of Organic Chemistry.

His research interests are in Hydrogels, Metallohydrogels and Organogels; Organic-inorganic hybrid materials; photoluminescent sensors, etc. His group has recently developed a general strategy for low cost, paper based photoluminescent sensors for enzymes and bio-relevant small molecules.

He is also greatly interested in Chemistry Education and is a regular participant in a variety of outreach programmes for high school and undergraduate students. He has received several awards and honours including S.S. Bhatnagar award in chemical sciences in 2001 and is an elected fellow of the Indian Academy of Sciences and the Indian National Science Academy.

'Mysuru district stands eighth in State in HIV positivity rate'

Mysuru, Dec. 1 (RKB&SSM)- Marking the World AIDS Day, an awareness rally was taken out in city this morning which was flagged-off by District Legal Services Authority (DLSA) Member-Secretary Devaraja Bhute from Millennium Circle (LIC Circle) on Bengaluru-Mysuru Road here.

Students of various Pharmacy Colleges and Nursing Colleges in city took part in the rally organised jointly by the District Administration, Zilla Panchayat, District Health and Family Welfare Department, Mysuru, Karnataka State AIDS Prevention Society, Bengaluru, District AIDS Prevention and Control Unit, DLSA, Mysuru, NGOs and other organisations.

The rally passed through prominent roads in Bannimantap and culminated at the JSS College of Pharmacy in Bannimantap. A stage programme was held at JSS Pharmacy College which was inaugurated by the students who were joined by the Deputy Commissioner Dr. K.V. Rajendra.

Speaking later, the DC said that to stop the spread of AIDS, awareness programmes are being conducted across the world as there is an increase in AIDS cases. "The main cause of AIDS are due to drugs, use of needles while getting a tattoo and due to unprotected sex etc.," he said and advised people to not degrade those who are having AIDS but rather to morally support them. Dr. Rajendra advised people to not panic if they are HIV positive and asked them to take treatment before it is too late.

District Health Officer (DHO) Dr. K.H. Prasad said that the HIV positivity rate in Mysuru district has reduced from 0.78 % in 2018-19 to 0.68% in 2022-23 (till October) to 0.42 %. "Mysuru district stands in eighth position in the State in HIV positivity rate as per 2021 data. Belagavi, Dharwad, Vijayapura, Chitradurga, Raichur, Kalaburagi, Bagalkot and Koppal districts have the highest HIV positivity rates. In the whole world, 37 million people are HIV positive. In India, 24.01 lakh people are HIV positive out of which 45% are pregnant women and 2% are children who are below 12 years," he said.

"In Mysuru district during 2020-21, 521 people out of 91,953 (0.56%) general public and 20 out of 45,636 (0.04%) pregnant women tested positive. In 2021-22, 722 people out of 1,31,964 (0.54%) general public and 24 out of 50,103 (0.04%) pregnant women had HIV and in 2022-23 (till October), 440 out of 1,03,676 (0.42%) general public and 13 out of 32,683 (0.03%) pregnant women tested HIV positive. There is a decrease in HIV positive rate," he said.

JSS Academy of Higher Education and Research (JSS AHER) Controller of Examination Dr. Sudheendra Bhat presided. Health and Family Welfare Department Assistant Director Dr. Rajeswari, JSS AHER Dean Dr. K.A. Raveesha, K.R. Hospital Senior Medical Officer Dr. B.S. Manjunath, District AIDS Prevention and Control Unit Programme Officer Dr. Mohammed Siraj Ahmed and others were present at the programme.

Police Chief

(Continued from page 3)

City Police Commissioner Ramesh, who inspected various checking spots, collected information about the drive and personally supervised one such operation on Bengaluru-Mysuru Road near ESI Hospital and checked documents of vehicles along with DCP (Crime and Traffic) M.S. Geetha Prasanna.

Goods vehicles, cars, mini vans, two-wheelers, etc. were stopped and documents checked. Luggage kept inside the dickey of cars were also checked. The registration numbers of the vehicles were noted before letting them go. Though at some places wordy duel ensued between motorists and Police, this did not affect the drive and Cops continued checking.

Rs. 3.22 lakh fine collected

Yesterday alone, a total of 2,448 vehicles were checked and 684 cases were registered. As many as 47 vehicles have been seized and a total of Rs. 3,22,200 fine was collected from the traffic rule offenders.

While Police personnel of all 18 Civil Police Stations checked 1,355 vehicles, registered 167 cases, seized 13 vehicles and collected a total fine of Rs. 84,000, Traffic Police personnel of all five Traffic Police Stations, checked a total of 1,093 vehicles, registered 517 cases, seized 34 vehicles and collected a total fine of Rs. 2,38,200.

Anganwadi workers seek fulfilment of demands

Mysuru, Dec. 1 (RKB&KS)- Urging the Government for fulfilment of their various demands, more than 500 Anganwadi workers under the banner of Karnataka State Anganwadi Workers Association, CITU Affiliated Mysuru District Committee, took out a march from Ramaswamy Circle to the DC's office and staged a protest.

Their demands included payment of gratuity, upgradation of Anganwadi Centres as learning centres, stop increase of disciplinary action against them and to pay salaries on time.

The protesting workers said that the Supreme Court, on Apr. 25, 2022, had given a judgement stating that as per Gratuity Act of 1972, Anganwadi workers were eligible for gratuity and accordingly, thousands of retired workers had submitted applications personally and by post to the CDPO, Deputy Director and General Secretary.

The protesters alleged that the applications were not accepted at a few places. The protesters demanded the State Cabinet to issue order to provide compensation to those who had submitted application for gratuity.

Association President Leelavathi, General Secretary Pushpalatha, A. Latha, M. Lakshmamma, Jayanthi, Hema, Chandrika, Leelavathi, Vasantha, Neelamma, Kamalakshi and others took part in the protest.

Rs. 57 crore to clear legacy waste at Vidyaranyapuram

Mysuru, Dec. 1 (RK&BCT)- The Karnataka Government will soon approve a Detailed Project Report (DPR) worth Rs. 57 crore to clear mounds of legacy waste that has piled up over the years, causing unbearable stench at the Solid Waste Management Unit (Excel Plant) at Sewage Farm premises in Vidyaranyapuram here.

"Over 6.5 lakh tonnes of waste have accumulated at Sewage Farm and this is a long-pending issue. Now Rs. 57 crore has been allocated from Swachh Bharat Mission funds and the proposal will be cleared by the Urban Development Department soon, after getting approval from the Government," Mysuru-Kodagu MP Pratap Simha told reporters this morning.

Over 500 tonnes of waste generated in city on a daily basis will henceforth be moved to the Solid Waste Treatment & Recycling Plants at Kesare and Rayanakere, the works of which are under speedy progress. "Waste will be effectively segregated at Kesare and Rayanakere once the Plants are commissioned and Vidyaranyapuram will be made free of the legacy waste," he said.

While the Kesare Plant can clear up to 300 tonnes, the Rayanakere Plant can process up to 200 tonnes. "The Excel Plant premises at Vidyaranyapuram will have a small-scale Waste Recycling Plant but the legacy waste will be cleared through bioremediation (biomining), Simha added.

Gujarat Assembly polls

First phase voting begins

Gandhinagar, Dec. 1 (UNI)- Gujarat, in its first phase of polling, recorded over 19.13 percent voter turnout in the first three hours. In the first phase of Assembly elections in Gujarat, polling for 89 seats in 19 districts of Saurashtra-Kutch and South Gujarat began at 8 am today amid tight security.

The Chief Electoral Officer's Office said that the work of calculating and compiling the percentage is going on.

PUBLIC NOTICE

It is hereby notified to the General public that my client is intending to purchase the below mentioned Schedule property for a valuable consideration from its absolute owner's **Sri. M. Shankarnayak**, residing at No: 577, 26th Main Road, 2nd Stage, J.P. Nagar, Mysuru - 570008, hence, if anybody/general public has any Right, Title, Interest or Claim/s, Lien/s, Objection/s, Charge/s, or claiming to be GPA holder, etc., over the Schedule Property can contact me at the below mentioned address during the working hours, with the documentary proof/s in original **within 07 (Seven) days** from the date of this publication. Failing which it will be presumed by my client that (a) there are no claim/s, lien/s, objection/s, etc., (b) if any, the same is/are deemed to have been waived and thus my client will be obliged to proceed with the execution and register the Absolute Sale Deed as if there are no valid claim/s, lien/s, objection/s, charge/s etc., subsisting against the Schedule property.

SCHEDULE

All the piece and parcel of the property bearing **Sy No. 34/2,** Situated at Doddakanya Village, Jayapura Hobali, Mysore District, total measuring 00-28 (Twenty-eight Guntas) and bounded on: **East by:** Road and Property in L Sy. No 81, **West by:** Portion of Sy. No: 29, **North by:** Property belonging to Siddappa @ Thammaiappa, **South by:** Property in Sy. No: 27/3.

AND

All the piece and parcel of the property bearing **Sy No. 29,** Situated at Doddakanya Village, Jayapura Hobali, Mysore District, total measuring 02-00 (Two Acres) and bounded on: **East by:** Property of Konappan Bhujangappa, **West by:** Road (Oori), **North by:** Property belonging to Puttaswamappa, **South by:** Property in Sy. No: 31 of Mahadeva Murthy.

DECODING MYTHOLOGY

Dr. Devdutt Pattanaik - Author, Speaker, Illustrator, Mythologist

Tell me the story of Chhat Puja

Many people asked me what is the significance of Chhat Puja. They want to know a story. For example, there is a story of Ram's return to Ayodhya on Diwali and Lakshmi entering the house on Diwali. So there must be a story associated with Chhat Puja. Yes, we can tell stories that this is related to the Sun, to Goddess Sasthi who protects mothers, or the six Krittika stars who raised Kartikeya, that this is a festival performed by Sri Rama and Sita after the return from 14 years of exile, and by Draupadi and the Pandavas, in order to restore their fortune after they lost everything in the gambling match. Stories about kings performing these rituals in order to get children.

But these stories came later. Before stories there was the ritual. The doing was more important than the story. In the oldest religions, the practice (karma kanda) is more important than the intellectual reason (gyan kanda). There may be emotion (bhakti) linked to action (kriya), but the latter is most important.

Diwali for example is about lighting lamps. Why? Some say because Ram returned to Ayodhya. Some say to show Lakshmi the path to enter our house. And others says to help our ancestors return to Pitr-loka after they pay visit to us during Pitr-Paksha before Navaratri. No one story is accepted by all. But everyone agrees, the festival is about lights.

Likewise Chhat Puja is primarily performed by housewives, the matriarch of the household. In Bihar and parts of Nepal, the larger Magadhi region, the women fast for many days, stay awake all night waiting for the sun to rise, make offerings on baskets, special baskets containing all kinds of fruits, vegetables and flowers. Special significance is attached to the sugarcane, to coconuts. If one tries to analyse the ritual, one realises this has something to do with fertility and growth, and prosperity and the health of the household where the woman plays a central role. There is no role of the Brahmin. Occasionally, a katha may be told, a katha of how ritual when performed solved the problems of people and how those who did not perform this ritual faced many problems. Connections with Ramayana and Mahabharata seem superfluous, supplementary information, not critical.

The ritual has to do more with the body and family, and less with the mind, or soul. It's Tantrik we can say, Tantra being about the body (tanu). The sun is important here, water is important here. The earth is important here as women approach the river by continuously lying on the ground, making their body one with the earth. Prayers are offered facing the sun, half immersed in the water. It indicates a connection with nature, with flora and fauna. An awareness of the body, a heightened sensation created by fasting and staying awake all night.

These are some of the oldest ritual practices in India. We may want to classify it as Vedic or tantric. But these are women's festivals which may have been performed in India for thousands of years, perhaps long before Vedic culture crossed the Gandak river.

These were old practices related to life and reflect Hinduism in its most primal form, and must be respected as such without the need to explain them using Vedic or Puranic framework that were created by men.

Urdu certificates distributed at MEWA

Mysuru, Dec. 1- Certificates of Urdu course were distributed to students at MEWA Centre in Shanthinagar recently by chief guest Prof. Shahida Shaheen.

Addressing the students, she felt happy that some housewives are learning Urdu at this Centre. Every child must learn his or her mother-tongue, as it is easy to understand. Nida Fatima, Saniya and Humera Khanum recited poems. Sarfaraz ur Rahman presided. Nyamathulla Khan, organiser of Idara Adbiyat Urdu, Hyderabad, welcomed.

Abbas Sharieff, artist, was present. Abdul Munaf proposed a vote of thanks. Uzma Sultana compered.

NEWS BRIEFS

CADA Office repairs underway as per heritage mandate

Traditional materials like jaggery paste, limestone, soapnut, M-sand and brick powder used to plaster walls

Mysuru, Dec. 1 (GA&BCT)- Amidst the hue and cry by heritage lovers and activists who are concerned about Mysuru's loss of reputation as a 'Heritage City' in the wake of many crumbling historical and archaeologically important structures, the renovation and restoration of the heritage office of Command Area Development Authority — CADA — (Cauvery) is under progress, far from the limelight.

The restoration works are being carried out in consultation with the heritage experts and even the materials that are being used for the task are the same as the ones used when the structure was originally built. The CADA Office stands among the numerous heritage buildings in Mysuru that are in a dilapidated state and excessive usage.

The office is located on Sayyaji Rao Road and houses the office of Chamarajanagar MP V. Sreenivasa Prasad and MLC A.H. Vishwanath. In addition, the office premises houses an Indira Canteen and the campus is always busy with people. The restoration works actually began in March this year and tenders were awarded to a Mysuru-based contractor. But due to incessant rains, the repair works were not carried out. With the rains giving a break now, the restoration works have begun in earnest.

The building was constructed in 1921 by Nalwadi Krishnaraja Wadiyar for the purpose of housing the Administrative Building of the Mysore Palace. Later, the building was allocated to CADA.

The repair works are being taken up at an estimated cost of Rs. 1.65 crore and the Public Works Department (PWD) is executing the works. The money for the restoration is being released in phases and the renovation is being done after approval from the District Heritage Committee that has a final say in the matter of heritage, said PWD Assistant Engineer Harish Kumar.

The materials that are being used to renovate the structure are similar to the ones that were originally used when the building was constructed and even the heritage guidelines mandate the same. The first phase of the works began in April where the roof was restored so that it prevents seepage of rainwater. Plastering works were completed and now the plastering works of the walls have been taken up.

Materials like jaggery paste, limestone, soapnut, M-sand and brick powder are being used to plaster the walls and to maintain the distinct character of the heritage building. Four containers have been set up to mix the limestone with water to get the desired texture and the soapnut is being dried to be mixed with jaggery paste.

Once ready, all the ingredients are mixed in proportions and applied to the walls.

Before the plastering process is being done, the old plaster is cleaned so that the new coat of plaster sticks onto the walls. Notably, cement is not used in any of the processes, not even as the binding agent.

Need to reserve funds

The renovation and restoration of CADA Office on Sayyaji Rao Road is as per the heritage guidelines and there are no violations. A team of heritage experts will soon visit the CADA Office to examine the works. There are many buildings in Mysuru that need desperate attention. Deputy Commissioner Dr. K.V. Rajendra has held one round of meeting outlining the repair works that are needed. Sadly, Mysuru is just known as a Heritage City but the State Government has failed even to reserve and allocate funds for restoration of dilapidated structures.

—Prof. N.S. Rangaraju
Member of Heritage Conservation Committee, Government of Karnataka and Convener of INTACH, Mysuru Chapter

Death of accused by jumping out of Police vehicle

Five Police personnel including Circle Inspector suspended

FIR registered against three including Sub-Inspector

Chamarajanagar, Dec. 1- Five Police personnel have been suspended following an incident of a kidnap accused jumping out of the moving Police vehicle resulting in his death.

Addressing a press meet yesterday, Superintendent of Police (SP) T.P. Shivakumar said that the Police personnel, who have been suspended, are Yalandur Circle Inspector Shivamadaiah, Mamballi Sub-Inspector Madegowda, Assistant Sub-Inspector Cheluvaraju, Woman Constable Bhadramma and Constable Somashekar. Among those suspended, FIR has been registered against Circle Inspector Shivamadaiah, Sub-Inspector Madegowda and Constable Somashekar and investigation is underway, he added. Stating that the case has been handed over to the CID, the SP said that the case has been taken seriously and added that following accusation of dereliction of duty while taking the accused for questioning, this action has been taken.

It may be recalled that a case was registered against Ningaraju (24) of Kunthur Mole village in Yalandur taluk, accused of kidnapping a girl of the same village. The Police, after taking Ningaraju into custody, were taking him in the Police vehicle to the Police Station for questioning.

When the vehicle was proceeding between Yariyur and Maddur, Ningaraju, in a bid to escape, jumped out of the vehicle, sustained serious injuries and died later. Ningaraju's family members and villagers had staged a protest in front of the Police Station holding the Police responsible for Ningaraju's death and had demanded action.

Misappropriation of Rs. 53.33 lakh at Raju Kshatriya Trust

Case registered against six persons including former Presidents and Secretarries

Mysuru, Dec. 1- Following an order from city's Fourth ACJM and JMFC Court, Saraswathipuram Police have registered a case against six persons including two former Presidents and two Secretaries of Raju Kshatriya Trust, located on Pampapathi Road in Saraswatipuram, on charges of misappropriation of Trust's Rs. 53.33 lakh.

Case has been registered against former Presidents 66-year-old M.V. Deviprasad and 66-year-old N.S. Rajendra, Secretaries 85-year-old K.V. Partharaju and 61-year-old H.R. Srinivasaraju and Trustees 47-year-old M.P. Muralidhar and 60-year-old Manjunath.

Trust's present Secretary M.N. Sudarshan Raju, in his complaint to the Court, has stated that the six accused, who were the office-bearers of the Trust from 2015 to 2022, had violated the Administrative Board and the Trust Bylaws and had misused Rs. 53,33,628, thus betraying the Trust.

Following an order from the Court, Saraswathipuram Police have registered a case against the accused under IPC section 406, 420 read with 34 and are investigating.

JSS Music Conference in city from tomorrow

Dr. Sri Shivarathri Rajendra Mahaswamiji

Post the era of royal patronage towards art, many organisations and music sabhas became the supporting pillars for the cause of music. Founded in 1983 by Jagadguru Dr. Sri Shivarathri Rajendra Mahaswamiji, JSS Sangeetha Sabha is among the prestigious institutions which strives for promoting classical music.

A firm believer in the good of one and all, he was at the helm of affairs of the Mutt for more than half a century. He dedicated his life for the betterment and upliftment of the society by establishing educational institutions and hospitals. Under the patronage of Sri Shivarathri Deshikendra Swamiji, the current pontiff of Suttur Mutt, JSS Sangeetha Sabha aims at featuring top artistes and talented youngsters. In addition to monthly concerts, Sabha conducts a grand music conference in the memory of Dr. Sri Shivarathri Rajendra Mahaswamiji.

JSS Sangeetha Sabha is the only organisation in Mysuru which conducts music conferences each year. **This year's 25th music conference will be held at Navajyoti auditorium in JSS Women's College, Saraswathipuram, Mysuru, from Dec. 2 to 6, under the presidentship of Vid. V. Nanjundaswamy.**

There will be two events a day, a lecture-demonstration in the morning by eminent musicians and musicologists; In the evening, a one-hour slot from 5.30 to 6.30 featuring young and upcoming artistes, followed by the main concert for the day.

A special lec-dem will be conducted by two renowned musicians who have been invited from Switzerland and Germany.

DECEMBER 2

5.30 pm: The event will be inaugurated by MLA S.A. Ramadas in the divine presence of Sri Shivarathri Deshikendra Swamiji. Ganabharathi Chief Patron Dr. C.G. Narasimhan will be the chief guest. *Sangeetha Vidyanidhi* Mysore M. Nagaraj will preside over the inaugural.

7 pm: Flute recital by Vid. Mysore A. Chandan Kumar. He will be accompanied by Vid. Mysore M. Sumanth on violin, Vid. K.U. Jayachandra Rao on mridanga and Vid. Tumkur B. Sashishankar on ghata.

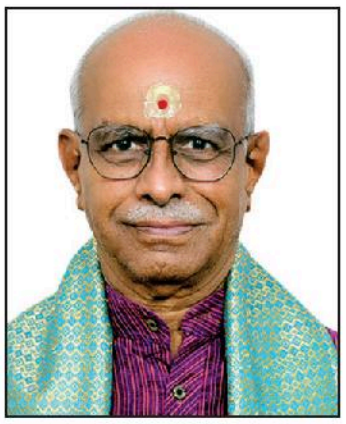
DECEMBER 3

10 am: Naada Laya Lahari instrumental ensemble directed by Vid. Tumkur B. Ravishankar. Lec-dem by Vidu. Rama V. Bennur, Dr. Sukanya Prabhakar, Vid. S. Sudarshan and Vidu. Rajalakshmi Shridhar.

5.30 pm: Violin recital by Vid. Keshava Mohankumar. He will be accompanied by Vid. Vikram Bharadwaj on mridanga.

6.30 pm: Vocal concert by Malladi Brothers — Malladi Sreeramprasad and Malladi Ravikumar. They will be accompanied by Vidu. Aditi Krishna Prakash on violin, Vid. Tumkur B. Ravishankar on mridanga and Vid. Raghunandan Rao on ghata.

Shivarathri Deshikendra Swamiji



Vid. V. Nanjundaswamy

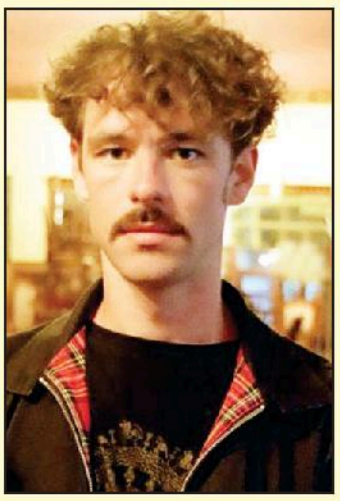
Switzerland and Germany artistes to give lec-dem



Julius Gabriel

Gills Grimaitre

Special lec-dem will be conducted by two renowned musicians who have been invited from Switzerland and Germany. While Julius Gabriel from Germany will present lec-dem on 'Evolution of Soprano and Tenor - Saxophone' on Dec. 4, Gills Grimaitre from Switzerland will present lec-dem on 'New music in the West - An artiste's perspective' on Dec. 5.

ARTISTES' PROFILE

Julius Gabriel is a saxophone artiste from Berlin. He started playing saxophone at the age of ten and graduated with the BA Jazz/ Performing Artiste from the Folkwang University of the Arts. He is an artiste in residence at the Indian Music Experience Museum. Gabriel has also undergone training with the Nadaswaram Vidwan Dakshinamurthy. He actively collaborates/ leads his own bands and plays with large ensembles such as the London Jazz Composers Orchestra. He has released several solo albums and played concerts all over Europe and in India. In this presentation, he will present the soprano and tenor saxophone, as well as a self-build twin drone saxophone and an antique diatonic saxophone curiosity.

Gills Grimaitre is a pianist/ composer based in Switzerland. Active in the field of contemporary creation, his artistic work is particularly attached to collaboration, with various composers and artistes. He has founded Hyper Duo with the percussionist Julien Mégroz. The duo explores as much stylistic contrasts, the search for new forms of performance as intimate collaborations with artistes from extramusical backgrounds. He developed a personal instrumentarium made of analog synthesisers and samplers, which he uses in his own compositions. Gills Grimaitre got granted a residency in South India from the Swiss Arts Council to study Karnatak Music and more specifically Konnakkol with Vid. B.R. Somashekar Jois and ghata with Dr. S. Karthick.
